

# STEAM LAB

**IF YOU HAVE AN INTEREST IN SCIENCE, TECHNOLOGY, ENGINEERING, ART OR MATHEMATICS, ATTEND OUR STEAM LAB SESSIONS TO DO SOME EXPLORATION AND EXPERIMENTATION.**

## **Jan 18th: Circuits & Systems**

If you're interested in learning how computers and digital gadgets work, this is the session for you. We will learn about circuits and systems and do some hands on activities.

## **Feb 8th: A Study in Photography**

Learn about some famous photographers, bring your favorite photograph and learn some Photoshop techniques.

## **March 21st: Exploring Engineering**

It's National Engineers Month. Ever wonder how bridges are made and roads get constructed? Come learn about the world of engineering from a civil engineer!

## **April 4th: Sip & Paint**

Relax and get in touch with your artistic side in this celebratory blend of spring, jazz and poetry.

*\*Note: This is a popular session and registration is required*

## **May 9th: Bath Bombs and/or Lego Soap**

Get your hands dirty...and clean creating handmade bath bombs or homemade soap. Gift it to a loved one or enjoy a relaxing bubbly time.

**Location:** South Holland Library, Youth Services Dept., 16250 Wausau Ave, South Holland, IL

**Time:** 6-7pm

**Registration is required for each session @ [shlibrary.org/calendar](http://shlibrary.org/calendar)**
